Mission of the Sun Valley Girls Softball Booster Association

The Sun Valley High School Girls Softball Boosters Association is dedicated to fundraising for the benefit and advancement of the girls of the Sun Valley High School Varsity and Junior Varsity Softball teams.

Introduction

The Booster Association is made up of Coaches and parents of players and potential player's who come together to provide an enhanced experience for both the Varsity and Junior Varsity girls' softball teams. Each player is equipped with a uniform, batting helmet, sliding knee pads, bat bag and more. The funding to provide these items comes from the efforts of the Booster Association through various fund raisers done throughout the year. The efforts of both the Association and the players in fund raising not only provides the team with the above mentioned items that give the players the look and feel of being a part of a team, but also provides the players with many team building opportunities along the way. The players gel from event to event, so that by the time the season comes around the team has become a close-knit unit. This pays off not only during the season, but also during the rest of the player's time in high school. The friendships that develop during training and the season last throughout their high school years and beyond.

The types of fund raising are varied. From car washes to gift wrapping, poinsettia sales to lottery tickets to WAWA hoagies and more. All fund raising is done under the supervision of the Booster Association for oversight and protection of the players.

The players of both the Varsity and Junior Varsity teams fund raised for months to send themselves to Walt Disney's "Wide World of Sports" complex in March of 2005 and 2008. It was an experience the players, coaches and parents will never forget. From meeting at the high school parking lot at 3a.m. to go to the airport, to playing on the finest fields many of these ladies will ever see. It was a memorable experience for all who were involved. We are currently fund raising to return to the Wide World of Sports complex in March 2011.
